Under general supervision of the Ambulatory Care Nurse Manager, the Cardiology Clinical Nurse manages, coordinates, and maintains clinical standards of care and guidelines for all weekly cardiology clinic. The Cardiology Clinic nurse receives medical direction from the medical staff. Upholds the principles of WIHCC's Vision, Mission, and Value Statements. Maintains confidentiality of all privileged information at all times.

This list of duties and responsibilities is illustrative only of the tasks performed by this position and is not all-inclusive.

Essential Duties & Responsibilities:

- Maintains regular attendance and punctuality.
- Coordinates the preparation of patient for tests, examinations, treatments, and minor surgical procedures.
- Maintains standards of care on patients coming to cardiology clinics.
- Performs clinical procedures when necessary.
- Coordinates care and patient visits with other department for the prevention of high risk-related disease or illness of patients.
- Works in collaboration with Direct and Referred Case Management Nurses for patient management and coordination.
- Interviews patients and family members during screening and consults with Health Care Team members to determine kind of care needed.
- Maintains health records by documenting observation, nursing interventions and therapeutic measures administered.
- Triage and provides urgent/emergency treatment, according to the status of patients and level of care needed within scope of learning.
- Sets up and operates specialized equipment, such as cardiac monitors, defibrillators, EKG machines, resuscitators and holter unit placements and education.
- Reviews health maintenance data and actively participates in the implementation of WIHCC maintenance objectives.
- Provides counseling and patient education to patients and families on surgical procedure, pre/post-operative care, and discharge activities.
- Arranges transport for patients via ground or to referral facilities as requested.
- In collaboration with Purchased Referred Care, Business Office, and Patient Registration, pre-screens patient for alternate resource for referred care service.
- Requires completion of tasks or duties assigned by a supervisor.
- Upholds all principles of confidentiality and patient care to the fullest extent.
- Adheres to all professional and ethical behavior standards of the healthcare industry.
- Adheres to WIHCC's Personnel Policies and Procedures, departmental policies, rules, and regulations.
- Interacts in an honest, trustworthy and dependable manner with patients, employees, visitors, and vendors.
- Possesses cultural awareness and sensitivity.
- Maintains compliance with all Human Resources requirements.
- Performs other duties as assigned.

Minimum Qualifications:

Valid Registered Nurse license from one of the 50 states; three years of professional nursing experience, with at least one year in outpatient care environment is highly recommended. Current BLS/CPR certification is required. ACLS and PALS certifications are required. Bilingual skills in English and Navajo language preferred. Must maintain a valid unrestricted and insurable driver's license. Must successfully pass a background investigation and maintain suitable requirements for a Child Care position. This position is considered as a Child Care position, which requires a satisfactory background check

investigation and is subject to the requirements of the Indian Child Protection and Family Violence Prevention Act, as amended (henceforth referred as the ICPFVP Act).

Knowledge, Skills, Ability:

- Knowledge of professional nursing principles, practices and procedures required to provide nursing care to patients with a wide variety of conditions, which also involves consideration of the physical, spiritual and psycho/socio-cultural aspects.
- Knowledge of and ability to provide advance emergency measures through anticipation and intervention utilizing advanced nursing skills.
- Knowledge of and the ability to operate advanced medical equipment and its proper use and assist with invasive intervention.
