Closing Date: Open until filled

---

**POSITION TITLE: Sonographer/Diagnostic Ultrasound Technologist**

**DEPARTMENT: Medical Imaging**

### **Position Summary:**

Under general supervision of the Supervisor Radiologic Technologist, responsible for the independent operation of the Ultrasound equipment. Performs a wide range of highly technical procedures that requires independent thought, judgment, and discretion. Serves as a primary liaison between patients, licensed practitioners and other members of the support team. Upholds the principles of WIHCC's Vision, Mission, and Value Statements. Maintains confidentiality of all privileged information at all times.

*This list of duties and responsibilities is illustrative only of the tasks performed by this position and is not all-inclusive.*

### **Essential Duties & Responsibilities:**

- Maintains regular attendance and punctuality.
- Receives, relays, and documents verbal, written and electronic orders in patient records.
- Corroborates patient's clinical history ensuring information is documented and available for use by a licensed practitioner.
- Maintains records that include patient information, sonographs and interpretations, files of correspondence, publications and regulations, or quality assurance records, such as pathology, biopsy, or post-operative reports.
- Provides sonogram and oral or written summary of technical findings to physician for use in medical diagnosis.
- Determines that all procedural requirements are in place to achieve a quality, diagnostic exam to minimize patient exposure to acoustic energy.
- Observes screen during scan to ensure that image produced is satisfactory for diagnostic purposes, making adjustments to equipment as required.
- Selects appropriate equipment settings and adjust patient positions.
- Prepares patient for exam by explaining procedure, transferring patient to ultrasound table, applying gel, and positioning patient properly.
- Observes and cares for patients throughout examinations to ensure their safety and comfort.
- Administers first aid or provides life support.
- Assesses and monitors the patients' physical, emotional and mental status.
- Obtains and records accurate patient history, including prior test results or information from physical examinations.
- Determines whether scope of exam should be extended, based on findings.
- Assists the providers with interventional procedures such as aspirations, etc.
- Meets standards of care for all patients from infancy through geriatric ages.
- Notifies appropriate provider when immediate clinical response is necessary based on procedural findings and patient condition.
- Performs clerical functions required of the service.
- Verifies that protocol and procedure manuals include recommended criteria and are reviewed and revised as needed.
- Evaluates new products and equipment for possible future purchases.
- Researches, develops and formulates new techniques for use in the Ultrasound Department.
- Ensures strict confidentiality of records.
- Contributes to a team effort and accomplishes related results as required.
- Requires completion of tasks or duties assigned by a supervisor.
- Upholds all principles of confidentiality and patient care to the fullest extent.
- Adheres to all professional and ethical behavior standards of the healthcare industry.
- Adheres to WIHCCs Personnel Policies and Procedures, departmental policies, rules, and regulations.
- Interacts in an honest, trustworthy and dependable manner with patients, employees, visitors, and vendors.
- Possesses cultural awareness and sensitivity.
- Maintains compliance with all Human Resources requirements.
- Performs other duties as assigned.

### **Minimum Qualifications:**

Graduate of a formal, accredited Diagnostic Medical Ultrasound Program. Certified Sonographer. Three years of experience and/or RDMS certification which provides for a working knowledge of procedures and equipment. Bachelor of Science degree is preferred. Current certification by the American Registry for Diagnostic Medical Sonography, current compliance with CME requirements for specialty(ies) as appropriate and basic CPR certification. Bilingual skills in English and Navajo language preferred. Must maintain a valid unrestricted and insurable driver's license. Must successfully pass a background investigation and maintain suitable requirements for a Child Care position. This position is considered as a Child Care position, which requires a satisfactory background check investigation and is subject to the requirements of the Indian Child Protection and Family Violence Prevention Act, as amended (henceforth referred as the ICPFVP Act).
